# MAX•CAB HI

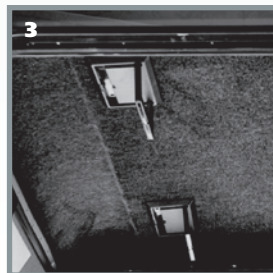

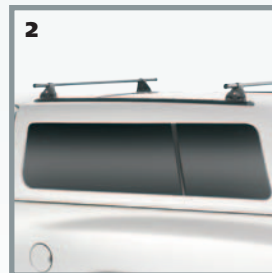

## MAXimum Function

The **Max•Cab Hi** Series is smooth and stylish. To meet your needs, it may be ordered with numerous side window and rear door options, as well as roof rack options.

## Standard Features

- Quality construction
- Traditional cab high styling
- Value pricing
- Dupont's® Chroma Premier™ automotive paint
- Many window and door options
- Limited five-year warranty on paint and structure

- 1.** Vented side win-dors for easy accessibility to interior.
- 2.** Yakima® roof racks help you store your stuff on top of your cap, creating more room inside for other cargo and equipment.
- 3.** Recessed interior clothes rods flip down to create instant hanging space.
- 4.** Tilt-down front window allows access for cleaning.

# MAX•WEDGE

## MAXimum Capacity

With pure aerodynamic styling, the **Max•Wedge** Series is a perfect choice when hauling trailers or larger boats behind your truck. The tall rear door lets you store sizable items easily. The many side window configurations available will allow you to design a custom cap that is perfect for your storage needs.

## Standard Features

- Quality construction
- Classic wedge design
- Dupont's® Chroma Premier™ automotive paint
- Many window and door options
- Limited five-year warranty on paint and structure

- 1.** Aerodynamic styling allows air to move up and over the truck cab at high speeds – perfect for hauling trailers.
- 2.** Side sliding window for ventilation.
- 3.** Side sliding window with rear bay.
- 4.** Vented side win-doors for easy accessibility to interior.

# MAX•COVER

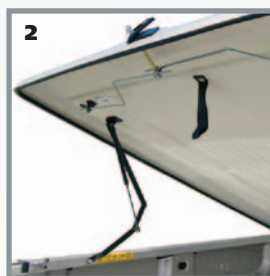

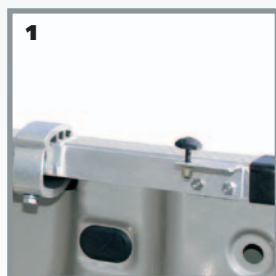

## MAXimum Style

With contemporary styling and a tight, secure fit, the **Max•Cover** Series gives your truck a custom look. Easy to remove, this tonneau cover will provide weather-resistant storage space and actually reduce wind drag to improve your gas mileage.

## Standard Features

- Locking handle
- Lift assist system
- Heavy-duty hinges
- Aluminum base rail system
- Limited three-year warranty on paint and structure

- 1.** Aluminum base rail system ensures quick and accurate installation every time – without drilling, screws or adhesives.
- 2.** Exclusive lift assist system provides easy opening and closing by absorbing the stress exerted by the gas struts within the system.
- 3.** Attractive locking handle design houses the keylock, offering protection from scratches and chips.
- 4.** Heavy-duty hinges allow for smooth, durable lifting.

# MAX•ALUMINUM

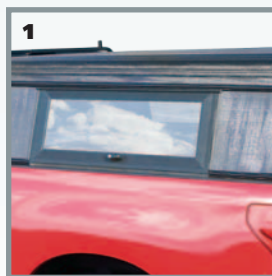

## MAXimum Value

A great choice for the value conscious, the **Max•Aluminum** Series truck caps will provide many years of reliable cargo storage. Made of .019 gauge aluminum, the cap is both lightweight and easy to remove/reinstall as needed.

## Standard Features

- Fully welded frame with tapered front and rear roof cage
- .019 RCE textured aluminum exterior skin
- Mitered rear door with clear glass, gas props and lock
- Mitered front picture window
- Third brake light
- Available in black or white or silver
- Limited one-year warranty

- 1.** The optional side door is hinged and lockable.
- 2.** An optional side awning window.
- 3.** Radius rear door has the option available of two T-locks.
- 4.** An optional Jet Rack interior ladder secures neatly on the ceiling.
